

CE 3354 Engineering Hydrology
ELI5 Topic 06

Explain Like I'm 5 (ELI5)

Produce a short written explanation that simplifies a complex hydrologic topic for a non-specialist audience. Your response should reflect the Feynman Method¹, emphasizing clear and concise teaching through explanation.

Topic: What happens to water when it hits pavement

Deliverable:

- A one-page typeset explanation (exclusive of images, charts, and references), aimed at a general audience.
