

**CE 3354 Engineering Hydrology**  
**ELI5 Topic 21**

## **Explain Like I'm 5 (ELI5)**

Produce a short written explanation that simplifies a complex hydrologic topic for a non-specialist audience. Your response should reflect the Feynman Method<sup>1</sup>, emphasizing clear and concise teaching through explanation.

**Topic:** What pervious vs. impervious surfaces mean

**Deliverable:**

- A one-page typeset explanation (exclusive of images, charts, and references), aimed at a general audience.
